

ISEV2024 Annual Meeting MELBOURNE, AUSTRALIA

8 May Education Day
9-12 May Annual Meeting

Melbourne Convention
Exhibition Centre

PLENARY SPEAKERS

Meta Kuehn
Duke University, USA
Bacterial extracellular vesicles, host response and immunomodulation

Hang Hubert Yin
Tsinghua University, China
Extracellular vesicles at the intersection of chemistry, biology and engineering

Hector Peinado
Spanish National Cancer Research Centre, Spain
Extracellular vesicles and the tumor microenvironment and metastasis

Matt Trau
University of Queensland, Australia
Nanobiotechnology and extracellular vesicle diagnostics

EDUCATION DAY

At the Forefront of EV Innovation. Stay Current, Stay Connected: Discover the Latest in EVs! [LEARN MORE](#)

PROGRAM

A 4-day interactive program showcasing the latest in EV research, application, technology, and translation.

ISEV 2024 SCHEDULE

Education Day - May 8
8:30 am - 5 p.m (& Networking)

ISEV 2024 - May 9-12

Highlights:

- May 9 – Opening/Welcome
- May 10 – EV Debate & Networking
- May 11 – EVolving EV Panel
- May 12 – Late Breaking

ISEV2024 ABSTRACT TOPICS

- EV biology and function
- Engineering EVs
- EV Therapeutics
- Towards the clinic
- Technologies and applications
- Biodistribution and tracking
- Omics
- Rigour and Standardisation
- ...and many more!

ISEV2024 will include multiple networking events, early career researcher events, sponsor workshop lunches, and panel discussions including EV debate and Expert leader Panel of the Evolving EV.
